

Activity 2 - addressing challenges

names: _____

Instructions:

1. Share the identified situations/resources with the other group.
2. Each write your findings on a post-it and place it on the board.
3. Together, discuss if and how identified resources can help address one or more of the challenging situations.
4. Summarize the main ideas and reasons in the box below.

Summarize the potential existing resources that can be used to address the challenging situations identified and/or what produced those resources.

Resources can be used as they are; or the main principle behind them can be applied differently.
